More tanks were expected to arrive in Canton soon thereafter some of which would be sent to Shench'uan. 1. Comment. Earlier estimates of troon arrivals by various contacts are result of the confusion created by sudden night arrivals. The Hong Kong population has remained comparatively calm, because the Chinese Communist initiary build-up along the border is practically unknown among the civilian population (cic). 2. ment. Presumably North China dialects is intended, 3. Comment. It is considered possibly true that such rumors are being circulated among and by the troops.
